Guide Dogs
SA.NT Puppy Sponsorship

Join the team

Become a Puppy Sponsor today and you'll have the chance to share the hopes and challenges of puppies and instructors as they go on the journey to graduation. You will receive your puppies' birth certificate and we'll keep you informed of their progress with regular 'pupdates'. Over the months, you'll develop a very special relationship with some very special

dogs. And just think how proud you'll be when they graduate – with you in attendance – thanks to your kind support.

Your generosity will fund the raising and training of Guide Dogs for individuals with vision impairment and Autism Assistance Dogs for children living with autism and their families.

Puppy Sponsorship changes lives

Become a Puppy Sponsor today – by making a regular gift to **Guide Dogs SA.NT** you can help turn some of the cutest puppies into highly skilled, trained **Guide Dogs or Autism Assistance Dogs**.

Sponsor your very own litter of pups, sharing their joys and triumphs as well as their mishaps, as they train for their new career – and you'll be helping people with impaired vision and children living with autism and their families to gain confidence and greater independence.

Relying on kindness

We don't receive any government funding for our Guide Dog program, which is why the support of the public is so important.

Our training never stops. Month in and month out, we're turning new puppies into premium Guide Dogs and Autism Assistance Dogs for people that have vision impairment and families who have a child with severe Autism. And to do that, we need ongoing, regular support.

Will you become a Puppy Sponsor today and help fund the essential raising and training that will help these puppies change lives?

For as little as \$31.50 per month you can help a puppy become a Guide Dog or Autism Assistance Dog.

Amazing animals doing amazing work

If you've ever seen a Guide Dog or Autism Assistance Dog in action, you'll know what amazing animals they are. Highly disciplined, skilled and dependable, they offer an enhanced quality of life for individuals with impaired vision and children with autism and their families.

They start off as bouncy, energetic balls of fluff – but it's the high standard of training, where they can learn in excess of 30 commands – that makes all the difference to someone's quality of life.

The best of the best

Training of puppies starts almost immediately in the Puppy Development Centre, before they enter the loving homes of volunteer Puppy Raisers at approximately 10 weeks. Then, aged around 12 months, they come back to us as young dogs and begin intensive schooling. This is when we teach them all the complex skills they will need in the future - and when the pups choose their career – be it as a Guide Dog, Autism Assistance Dog or Pets as Therapy dog.

It costs in excess of \$25,000 to raise and train just one Guide Dog or Autism Assistance Dog to the high standards needed to change someone's life.

And that's why we need your help. Become a Puppy Sponsor today.

YES! I want to help by becoming a Puppy Sponsor
