

Top Dog

3 May 2011

Guide Dogs NT would like to crown **Durack Primary** as top dog in the recent Design A Dog Competition where old Collection Dogs were given a new lease on life.

Each participating school was given an old Collection Dog to revamp and decorate in any way they chose.

Dogs were then on show in Casuarina Shopping Square for two weeks, with shoppers nominating their favourite by a coin donation.

Helen Shih NT Business Manager said the competition received a great response - with both schools and the community getting on board to support Guide Dogs NT.

“The kids did a fantastic job of revamping the dogs and proved that you certainly can show an old dog new tricks.”

Prizes will be presented to Durack Primary, Wulagi Primary and Holy Spirit Primary - the top three schools that raised the most amount of funds.

Guide Dogs NT remains committed to engaging with the community to raise awareness about vision loss/impairment.
